EL FAREED FOR FOOD SAFETY

ABOUT US

ABOUT US

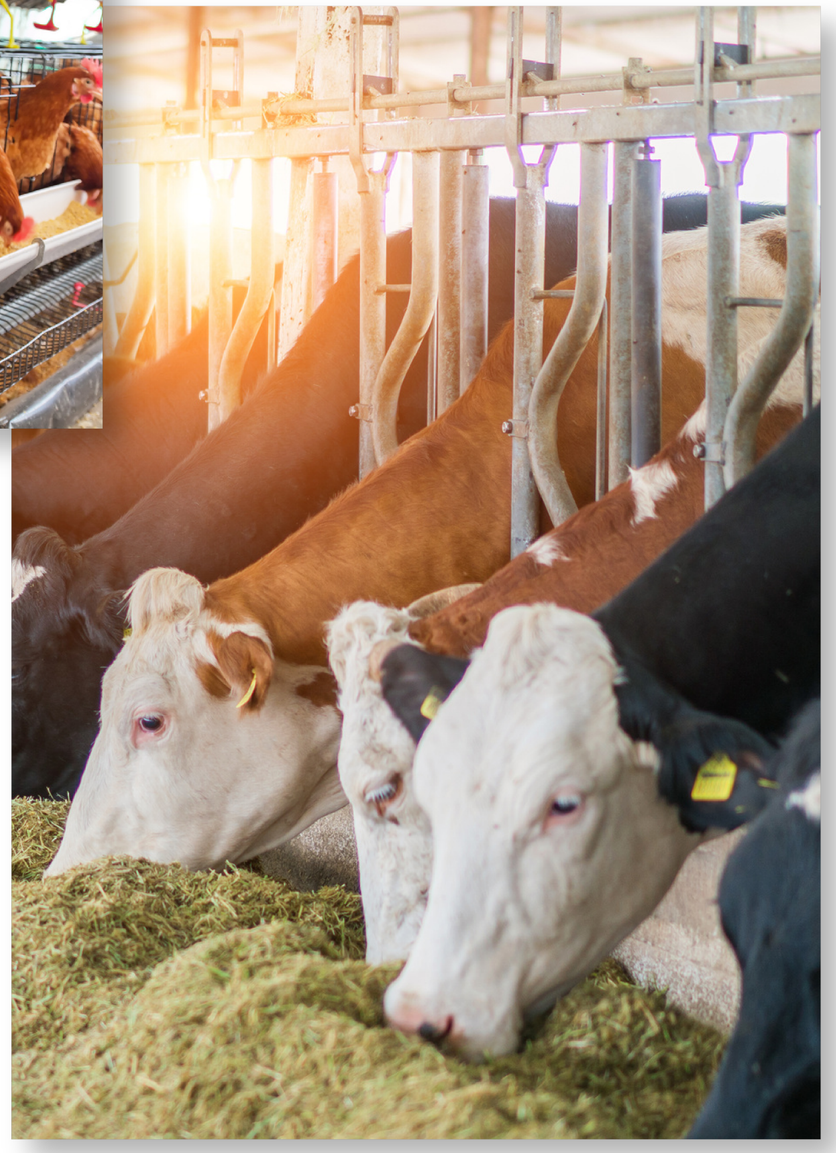

Founded in 1961 in Mansoura, Egypt, **El Fareed For Food Safety Co.** is a livestock nutrition and feed solutions company serving regional and international markets. Driven by quality, innovation, and sustainable growth, we are expanding our presence across the GCC, Africa, and emerging global markets.

We specialize in balanced and toxin-free nutrition, developing high-quality feed formulations, concentrates, premixes, and nutritional solutions for poultry, dairy, cattle, sheep, and other livestock sectors, helping improve animal health, feed efficiency, and farm productivity.

Through rigorous quality standards, reliable logistics, and strong strategic partnerships, we deliver consistent products and dependable service that customers can trust.

Guided by our philosophy, "Building Growth Through Quality, Partnership, and Reliability," El Fareed is committed to creating lasting value and becoming a trusted partner in the global livestock feed and nutrition industry.

CEO/CHAIRMAN'S MESSAGE

"We grew this business with a simple belief: farmers deserve feed they can trust every single time. What started as a family business built on hard work and experience has grown into a company focused on helping farmers and distributors achieve better results, stronger performance, and long-term success. As we expand into new markets across the GCC, Middle East, and Africa, our commitment remains the same—quality, reliability, and partnerships built on trust."

— Eng. Mohamed Mamdouh El Fareed - CEO

MANAGEMENT TEAM

Guided by generations of family values, our management team leads with integrity, dedication, and an unwavering commitment to quality, ensuring that every product reflects the standards on which El Fareed was built. We believe our customers are long-term partners, and their success inspires every decision we make, driving us to deliver reliable solutions, exceptional service, and relationships founded on trust.

EL FAREED FOR FOOD SAFETY

WHAT WE DO

PRODUCERS OF THE BEST BALANCED NUTRITIONAL FEED

WHAT WE DO

El Fareed For Food Safety Co. provides innovative livestock nutrition solutions and feed that enhance animal performance, improve feed efficiency, and support sustainable farm productivity.

Through our range of scientifically formulated, balanced feed concentrates, premixes, specialty nutrition products, and customized feed solutions, we serve poultry, dairy, cattle, and other livestock industries. Combining nutritional expertise, carfully picked natural ingredients, uncompromising quality, and trusted partnerships, we deliver reliable solutions that help producers achieve consistent, profitable results.

OUR SERVICES

Distribution & Supply Partnerships

We support distributors and wholesale partners with dependable supply capabilities, competitive pricing, and scalable production for local, regional, and international markets.

Customer & Technical Support

Our team of livestock specialists, scholars, veterinarians, and engineers provides practical guidance and product support to help customers select the right feed solutions for their operational needs.

Market Expansion & Export Support

As we continue expanding across the GCC, Middle East, Africa, and international markets, we are committed to building long-term partnerships based on trust, reliability, and consistent performance.

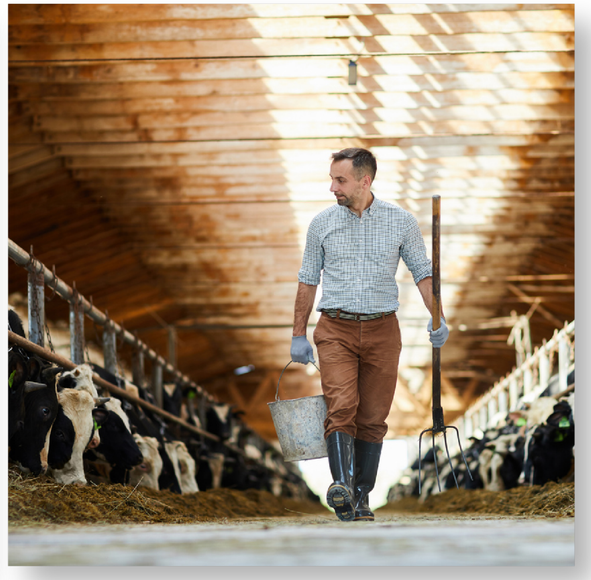

VISION

To become a globally recognized leader in livestock nutrition, with a strong presence across the GCC, the Middle East, Africa, and emerging international markets. We aspire to set the benchmark for excellence through premium-quality feed solutions, operational reliability, and measurable improvements in animal performance.

By continuously expanding our manufacturing capabilities, diversifying our product portfolio, and strengthening our global supply network, we are committed to meeting the evolving needs of modern livestock agriculture while building lasting partnerships that drive sustainable growth and long-term value.

MISSION

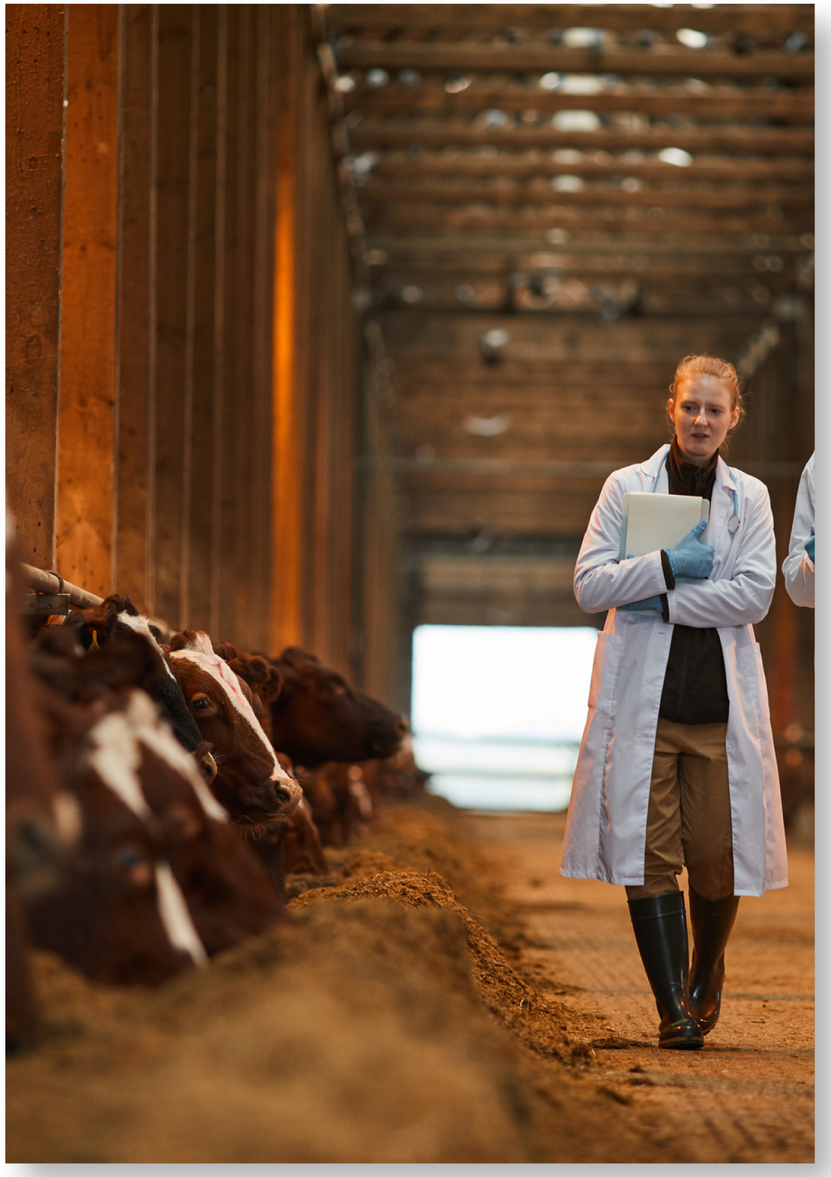

To deliver reliable, scientifically formulated livestock feed solutions that promote healthier animal performance, improve farm productivity, and support sustainable growth.

Through consistent quality, nutritional expertise, and customer-focused innovation, we empower our partners with dependable products that deliver measurable performance and long-term value.

CORE VALUES

- **Consistency & Reliability:** Delivering dependable quality and performance in every product we produce.
- **Results-Focused Nutrition:** Providing scientifically balanced feed solutions that improve farm productivity and profitability.
- **Trusted Partnerships:** Building lasting relationships through integrity, collaboration, and customer success.
- **Market Adaptability:** Developing region-specific solutions that respond to local farming environments and livestock needs.
- **Continuous Growth & Innovation:** Expanding our capabilities, production capacity, and product portfolio to serve evolving international markets and farmers.

CERTIFICATIONS

El Fareed is a leading manufacturer of premium animal feed, exporting over 40 specialized formulas. We engineer balanced, top-quality nutrition to maximize farm productivity and sustainable profitability to our partners.

ISO 9001 | ISO 14001 | ISO 45001 | ISO 22000 | GMP CERTIFIED

EL FAREED FOR FOOD SAFETY

PARTNERING FOR SUCCESS

PARTNERING FOR SUCCESS

PARTNER WITH CONFIDENCE. GROW WITH EL FAREED

⭐⭐⭐⭐⭐

At **EL FAREED FOR FOOD SAFETY**, we believe that sustainable growth is built on strong partnerships. Our distributors, importers, and agricultural partners play a vital role in delivering high-quality animal nutrition solutions to farmers and livestock producers across Egypt and international markets. We offer more than premium feed—we provide a reliable partnership built on quality, consistency, technical expertise, and long-term business success.

Why Partner with El Fareed?

Premium Quality Products: Scientifically formulated feed manufactured from carefully selected natural raw materials under strict quality standards.
Reliable Supply: Consistent production capacity and dependable deliveries to support your business growth.
Proven Performance: Nutrition solutions designed to improve animal health, feed efficiency, and farm productivity.
Competitive Business Advantage: High-value products, competitive pricing, and solutions tailored to local market requirements.
Technical & Commercial Support: Dedicated sales assistance, nutritional guidance, product training, and responsive customer service.
Long-Term Partnership: A commitment to transparency, trust, and mutually beneficial business relationships.

PARTNERING FOR SUCCESS

DISTRIBUTION NETWORK

Our distribution network is designed to ensure efficient market coverage and dependable product availability.

- **National Distribution** – Supplying distributors, dealers, and commercial farms throughout Egypt.
- **International Distribution** – Supporting importers and distribution partners across the Middle East, Africa, and other global markets.
- **Flexible Supply Solutions** – Export-ready packaging, efficient logistics, and reliable order fulfillment for businesses of all sizes.

Partner Benefits

- Premium-quality, export-ready animal feed
- Reliable production and consistent supply
- Competitive pricing and strong commercial value
- Technical and nutritional support
- Sales and marketing collaboration
- Dedicated account management
- Long-term business partnership
- Responsive customer service

Become an El Fareed Partner

Whether you are a distributor, importer, feed dealer, agricultural cooperative, or commercial livestock producer, EL FAREED FOR FOOD SAFETY is committed to helping your business grow. Together, we can deliver trusted nutrition solutions, create lasting value, and build a successful partnership for the future.

EL FAREED FOR FOOD SAFETY

SOLUTIONS

SMART NUTRITION . PRACTICAL SOLUTIONS . MEASURABLE RESULTS

SOLUTIONS

SMART NUTRITION . PRACTICAL SOLUTIONS . MEASURABLE RESULTS

At El Fareed, we believe that exceptional animal performance begins with the right nutritional strategy. Our science-based feed solutions are carefully formulated to address the specific biological, nutritional, and operational challenges faced by modern livestock producers. Rather than simply supplying feed, we develop targeted nutritional programs that support healthier animals, improve feed conversion efficiency, enhance productivity, strengthen immunity, and promote long-term farm sustainability.

Every formulation is developed using carefully selected ingredients, rigorous quality standards, and practical field experience to meet the unique requirements of different species, production stages, climates, and management systems. Whether serving commercial farms, distributors, or integrated livestock operations, El Fareed delivers reliable, performance-driven nutrition that helps customers maximize profitability while ensuring consistent results and responsible resource utilization.

HIGH-PERFORMANCE BROILER FEED

The Formula: Precision nutrition designed to support The formula: Scientifically balanced for rapid growth, superior feed conversion, and robust immunity.

Key Benefits: ✓ Consistent batch quality ✓ Excellent palatability ✓ Optimized meat yield

Performance Target: Maximum weight gain with minimal feed waste.

Product Range: Starter (23%, 24%) I Grower (21%) I Finisher (19%)

PREMIUM LAYER FEED

The Formula: Precision nutrition designed to support skeletal strength, feather condition, and consistent daily egg production.

Key Benefits: ✓ Enhanced shell quality ✓ Extended laying cycles ✓ Optimized daily intake

Performance Target: Higher peak production and stable, long-term egg yields.

Product Range: Layer (20%) | Layer (18%) | Pre-Lay (18%) | Production (16%,17%)

PREMIUM DAIRY CATTLE FEED

The Formula: Protein Spectrum 19%
A nutritious, well-balanced diet that promotes both maternal health and steady, high-volume milk production.

Key Benefits:

- Supports peak milk yield
- Maintains optimal body condition scoring (BCS)
- Ensures healthy rumen activity under practical farm conditions

Performance Target:

- Stable lactation curves, superior milk components (fat/protein), and healthier, longer-producing cows.

MEAT LIVESTOCK FATTENING FEED

Effective nutrition for profitable fattening.
Engineered to promote rapid growth, efficient weight gain, and optimal feed utilization.

Key Benefits:

- Enhanced rumen function
- Improved body condition
- Superior meat quality

Performance Target:

- Faster daily growth, superior finishing, and the best economic return per animal.
- Export-ready quality.

SPECIALIZED FORMULATIONS FOR WATERFOWL AND TURKEYS

Duck Feed Range: 14%, 17%, and 22% Protein

Formulated for rapid waterfowl development and excellent feathering.

Achieves efficient feed conversion and robust health in high-density environments.

Turkey Feed Range: 18% to 28% Protein

High-protein formulas tailored to intense metabolic demands.

Delivers exceptional weight gain, breast meat yield, and flock uniformity.

ELITE NUTRITION FOR OSTRICHES AND RACING PIGEONS

Ostrich Grower (19%) & Breeder (17%)

Perfectly balanced to promote substantial bone growth, enhance feather quality, and ensure optimal breeding performance in the world's largest birds.

Pigeon Fattening (16%)

Rich in natural grains, this blend supports health, growth, vitality, and digestion and promotes stunning plumage in these remarkable flying birds.

ADVANCED SHEEP & LAMB FEED

Dual-Target Performance

The Formula: Smart feeding for efficient lamb growth and productive females. Highly palatable to ensure consistent intake.

Fattening Protocol (18%, 16%, 14%)

- **Rapid lamb growth and superior meat yield**
- **Performance Target: Accelerated daily gain for lambs.**

Lamb Maintenance (16%, 14%, 11%)

- **Reliable nutrition for productive females and lactation.**
- **Performance Target: Improved reproductive success and flock productivity for lambs.**

ELITE GOAT FATTENING & PRODUCTION FEED

The Formula: High-quality, highly digestible nutrition crafted for active, productive goats across diverse production systems.

Key Benefits:

- Prevents metabolic issues
- Maximizes feed efficiency
- Supports both rapid growth and quality milk production

Performance Target:

- Stronger body condition, faster market readiness, and elevated dairy output.

SPECIALIZED CAMEL FEED SOLUTIONS

The Formula: Practical, highly adapted nutrition for camel growth, lactation, and high-performance racing under arid conditions.

Key Benefits:

- **Starter (18%)**: Strong nutritional foundation for young camels.
- **Growing & Fattening (16%, 14%)**: Steady growth and strong frame development.
- **Lactating (18%, 16%)**: Energy balance for sustained milk production.
- **Racing (Custom)**: Precision feeding for stamina, endurance, and rapid recovery.

Performance Target:

- Vitality, competitive performance, and robust desert resilience.

EQUINE PERFORMANCE FEED

The Formula: Tailored equine nutrition formulated to deliver controlled energy, muscle support, and rapid recovery.

Key Benefits:

- **Racing & Sport (Custom)**: High-performance nutrition for athletic speed, stamina, and agility.
- **Heavy Work (Custom):** Sustained energy supply for strength, body condition, and intense daily activity.
- **Foals & Mares (12%, 18%):** Essential nutrients for safe breeding and healthy early development.

Performance Target:

- Explosive power, lasting endurance, and **impeccable coat and muscle condition**.

PREMIUM GAZZELLE FATTENING FEED

The Formula: Specialized, balanced nutrition designed for the unique metabolic needs of deer, promoting health, growth, and elegance.

Key Benefits:

- Highly palatable natural ingredients
- Precise mineral balances for antler and bone health
- Excellent digestibility

Performance Target:

- Natural vitality, strong body condition, and healthy, stress-free growth in captive or farmed environments.

Available Protein Level: 16%
(Custom formulas available)

PREMIUM FORAGE SOLUTIONS

A scientifically balanced complement to our concentrate feeds, developed to enhance rumen health, digestive efficiency, and overall livestock productivity.

Compressed Alfalfa Bales & Pellets (16% Protein)

- Preserved for maximum freshness, palatability, and nutritional energy.
- Vacuum sealing prevents spoilage, guaranteeing clean, safe, and stable year-round roughage for your herd.

Vacuum-Packed Corn Silage

- Preserved for maximum freshness, palatability, and nutritional energy.
- Vacuum sealing prevents spoilage, guaranteeing clean, safe, and stable year-round roughage for your herd.

Product Description:

A premium fattening feed formulated to improve feed conversion efficiency and increase meat quality while achieving high weight gain. It enhances immunity, supports animal health, and ensures high productivity with excellent economic returns.

Key Benefits

- Improves daily feed conversion and weight gain.
- Strengthens the animal's immune system.
- Flexible use with on-farm feed resources.

Feeding Guidelines

- Suitable for cattle and buffalo.
- An economical feed that supports efficient production.

BEEF CATTLE FATTENING FEED 2

Product Description:

Specially formulated for calves over 300 kg, El Fareed Fattening Concentrate Feed delivers 14% protein and balanced nutrition for efficient weight gain, strong muscle development, and superior meat quality.

Key Benefits

- Supports healthy and balanced muscle development.
- Promotes proper fat deposition.
- Produces high-quality beef with excellent finishing results.
- Easy to use in fattening programs.
- Delivers consistent performance and reliable results.

Feeding Guidelines

- Directions for Use
- Use alongside roughage such as silage or hay according to the farm's feeding program.
- Recommended For Calves weighing more than 300 kg.

PACKAGING & EXPORT

PACKAGING/QUALITY/WEIGHT

El Fareed uses high-quality, durable feed sacks designed to protect livestock and poultry feed throughout storage, handling, and transportation. Manufactured from strong, moisture-resistant materials, our packaging helps preserve feed freshness, nutritional value, and product integrity under various environmental conditions. We are committed to sustainability by utilizing recyclable and environmentally responsible packaging materials whenever possible, reducing our environmental footprint while delivering reliable and efficient packaging solutions for our customers.

EXPORT/INTERNATIONAL SEA FREIGHT INFORMATION

For 20 ft Export Container Capacity

Our 25 kg feed bags are optimized for international sea freight. A standard 20 ft container typically accommodates 1,040–1,080 bags, providing a cargo capacity of approximately 26–27 metric tons, depending on shipping line requirements and destination regulations.

40 ft Export Container Capacity

Our 25 kg feed bags are prepared for efficient international sea freight. A standard 40 ft container typically accommodates 1,000–1,040 bags, providing a cargo capacity of approximately 25–26 metric tons, depending on shipping line requirements and destination regulations.

***Important Note**

Shipping costs are indicative only and are subject to change based on destination, shipping line, fuel surcharges, vessel availability, seasonal demand, and applicable port charges. Final freight rates will be confirmed at the time of booking.
